

Kennerly's Kids

January 23rd | 27th

Reading

The red group will complete reading "Chocolate Fever" and their response journal. The blue group will be reading various books and be conducting literature circles with their classmates to discuss story elements, inference and vocabulary.

Working with Words

Hard and soft g's and c's

Spelling

Game, gang, goal, gap, gossip, gum, giant, general, gym, huge, change, cat, cold, cucumber, city, circle, circus, place, office

Math

We will be starting our Geometry Unit! We will first look at 3-d shapes and analyze them by how many faces, corners, bases and edges they have.

Science

Our next unit in Science is going to be Matter! We will be looking at the different properties of solids, liquids and gases. We will also be experimenting with different ways that we can change matter.

Let's make sure that we are reading for 20 minutes each night! We are all striving to earn more AR points!

BCA's student council is asking that we bring in hats, gloves and socks for those that are in need! This will be student councils first service learning project and they need your help!
